PENTZERS ANNIVERSARY BASH ANOTHER SUCCESS

Despite the threat of a wash-out by mother nature, Jerry and Donna pulled off another great Anniversary Party.

Several ACC Members plowed through a driving morning rain to Ozark on Saturday. Their efforts were rewarded when the rain tapered off shortly after noon and moments later, abundant

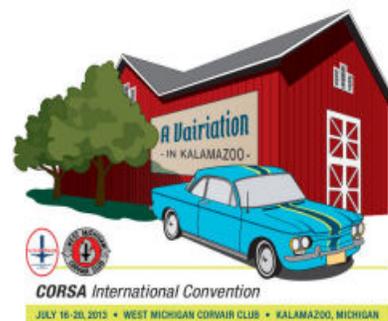

sunshine and very nice temperatures.

Thanks to Jerry and Donna for again opening their home. The band, food, fellowship and antiques were awesome. And as always, another "room" had been added to captivate the attention of all visitors. *(more photos on page 2)*

Antique Power show

by JB King

On March 23 we attended the annual Antique Power Show held in El Dorado. Despite the cool weather and threat of rain, a brave group of enthusiasts from around the state gathered to proudly display their antique tractors, stationary engines, and other farm-related implements as well as some mobile military equipment. ACC members Kermit and Jennifer Parks provided a suite at the Union Square Guest Quarters where breakfast was served as well as a warm spot to gather and discuss their favorite subject, old engines. Tractors purchased by Kermit are shown below. He has invited

ACC members to bring their Corvairs and attend the 7th annual show on March 22, 2014 as their guests. Let's show off our cars next year!

Keeping the party going.....

WRECK OF THE WEEK

A 1963 Chevrolet Monza 900 two-door coupe tried to put a pole in it's trunk. With the air-cooled engine in the rear, the front end provided ample storage space, but not much protection against a telephone pole. The mishap took place right outside the front door of the Williamsport Municipal Water Authority in Pennsylvania. The photo comes from Rusty Herlocher's "Vintage Car Wreck's" book and was originally in the Williamsport Sun-Gazette.
